Le mot de Charlotte

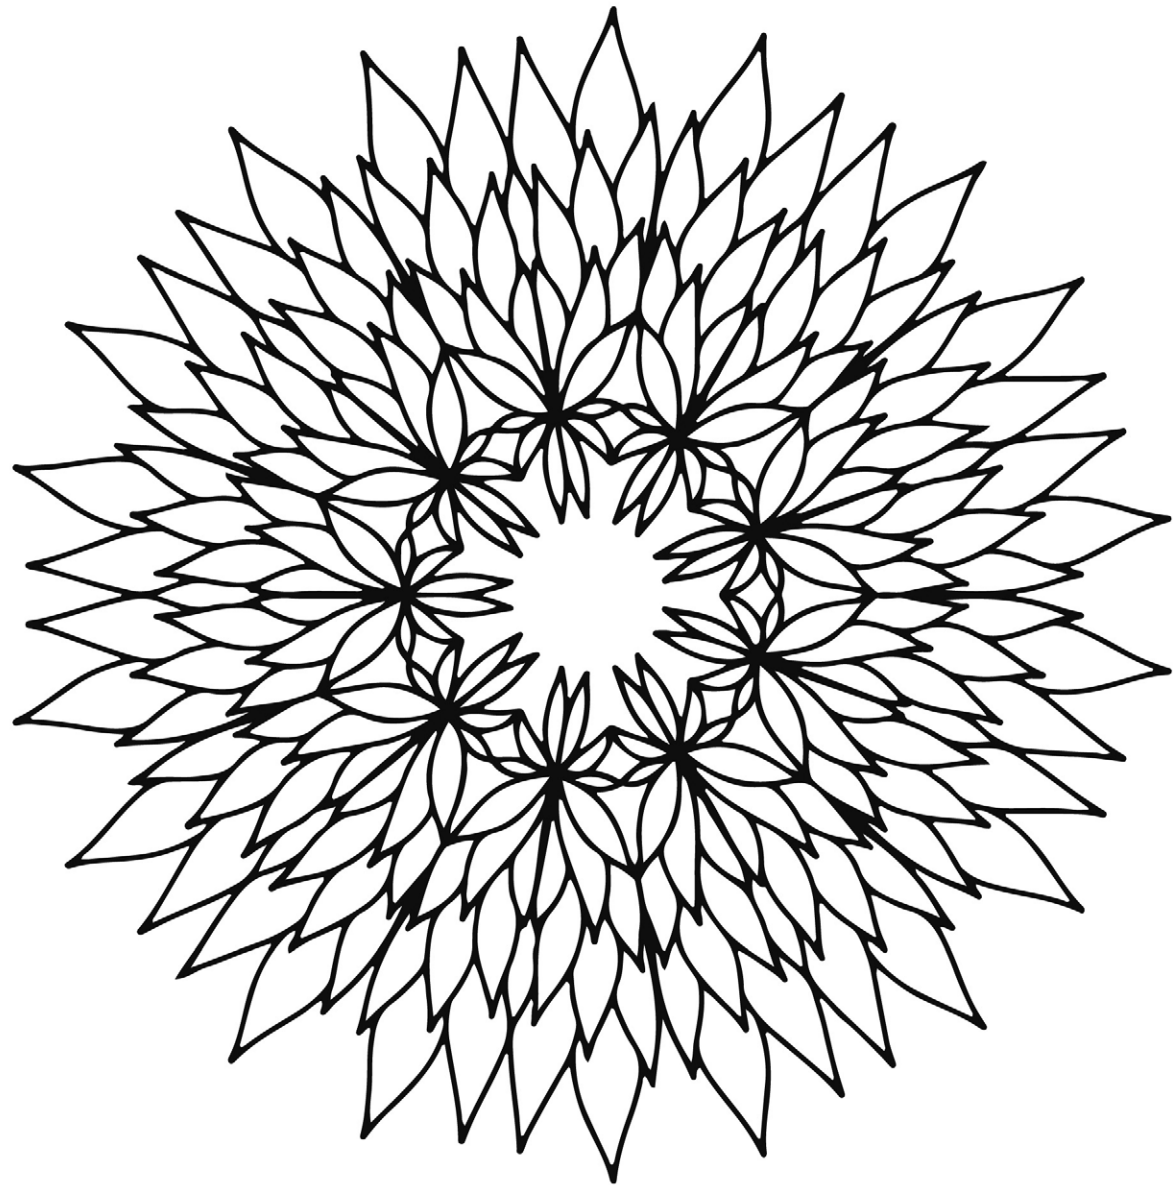

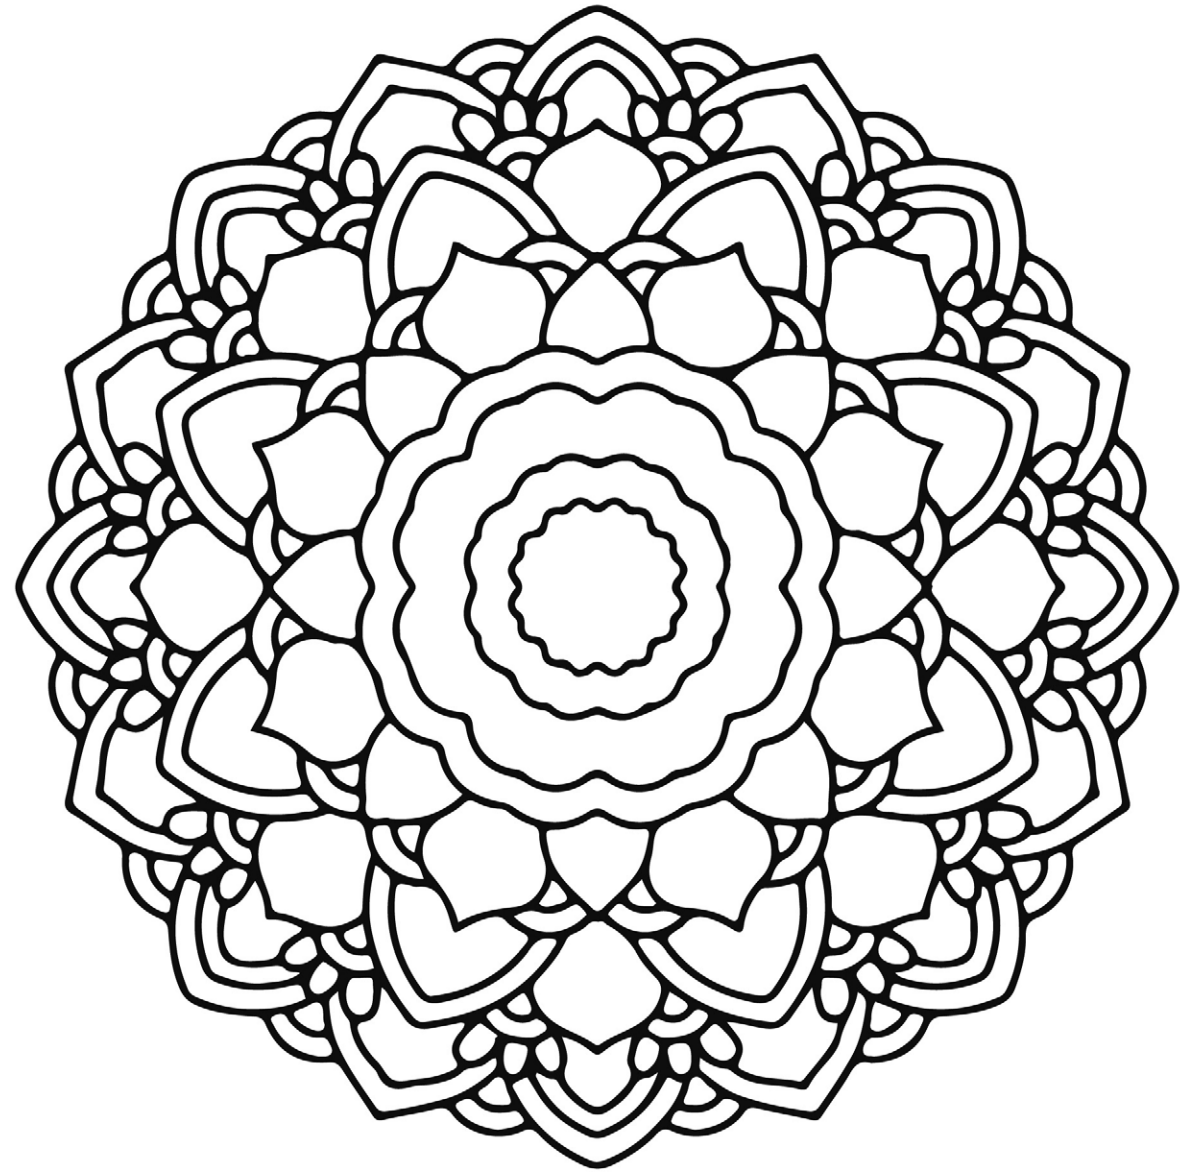

Je sais que la plupart des filles racontent les péripéties de leur journée dans un journal intime, mais dans mon cas ce serait beaucoup trop long à écrire! Je préfère me détendre en coloriant des mandalas. Une fois que je suis lancée, la seule chose à laquelle je pense, c'est d'harmoniser les couleurs. C'est super pour entraîner la patience et la concentration. Quand mon cerveau bouillonne ou que mon cœur bat vite, je prends mes crayons. Mon cahier en ressort aussi bariolé que les chemises à carreaux de Dany et moi, aussi zen que les adeptes de yoga, les passionnés de tricot ou ma tante Solange quand elle parle à sa perruche.

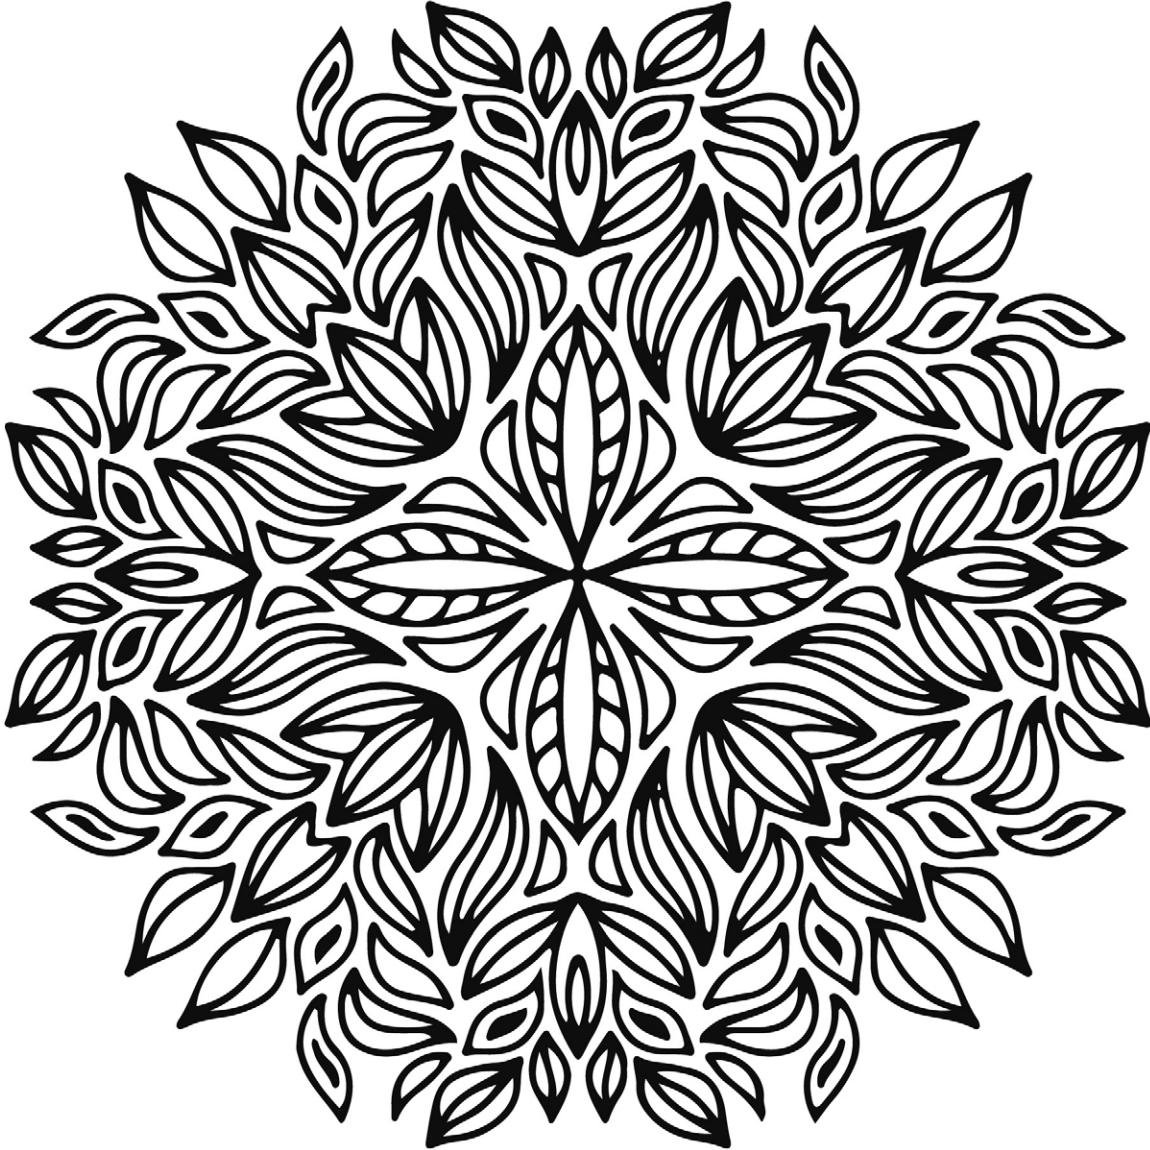

Allez! Pas besoin d'être Picasso pour oser mettre un peu de couleurs dans sa vie! Je te souhaite d'avoir autant de plaisir que moi à dessiner ces mandalas.
